

SAFE MEDICATION DISPOSAL

Lake County Opiate Task Force
Make a Difference with Education, Collaboration, & Resources

ALERT: Overdose deaths in Lake County, Ohio highest since 2017.
In 2022 – 81 deaths, 2021 – 67 deaths, 2020 – 78 deaths, 2019 – 60 deaths, 2018 – 53 deaths, 2017 – 90 deaths.

Flushing medication down a toilet causes serious environmental impact as wastewater treatment does not remove medications from the water supply.

Make a difference by safely disposing of medications at the locations listed.

YOU CAN Prevent Substance Use and Overdose

Safe disposal of unused or expired prescription medications is the primary prevention strategy to stop non-medical use by seniors, adults, teenagers, and young children. The reduction of medications in the home eliminates confusion, youth experimentation, theft, and/or the temptation to use expired/unused prescriptions and non-prescription pills, syrups, cold/flu medicine, and pet medications.

Disposal is FREE and environmentally safe.
